Alfie's ANNOUNCEMENTS

The Importance of Home Health: In early 19th-century America, care for the sick was part of domestic life guided by family traditions and the advice found in the medical or nursing manuals of the era. For families who were able to afford physicians - health was never a concern. Yet, for those without family or financial resources, few healthcare options were available, that is when they turned to "Assistants" or modern day Nurses.

Nurses who frequently found themselves alone in patient's homes without direct medical oversight simply took charge. Protected by standing orders and nursing procedures endorsed by the local medical group, nurses in the home exercised considerable authority. They saw their role as service to the patient, rather than to the physician. On daily rounds, visiting nurses attended to the patient's environment, nourishment, and medicines. Their patients were women, men, children, mothers and their newborns, school children, workers, the elderly, and the injured.

As a representative of Ageless Living Home Health, it is important to understand the impact that we are making. Not only are we saving a life but sometimes we are creating one. No matter the role you play, it is all part of a bigger picture. Thank you for the memories you give our Gator Kids.

CLINICAL CORNER

Hello Ageless Nurses & Therapists! With Summer in full session, kids are running around and playing more than ever before. Be sure to check on your **CPR Certification Expiration Date** to make sure that you are up to date and ready to jump to the occasion if anything were to happen.

**CPR Card expiration also prevents us from adding you to any future scheduling needs.*

Thank you for all the hard work and demonstrated safety as you provide the highest quality care to our awesome kiddos!

-- Patsy Villareal (DFW HR Partner)

Alfie's Fun Fact

Alligators are toothy. They have between 74 and 80 teeth in their jaws at any given time, and as teeth wear down or fall out they are replaced. An alligator can go through over 2,000 teeth in its lifetime.

UPCOMING BIRTHDAYS

Russell Baker	OTA	7/1
Rita Tenyah	LVN	7/1

NIGHT NURSES NEEDED

Alfie is on the hunt for superstar nurses to help cover his night shifts! Gators have to sleep too right?

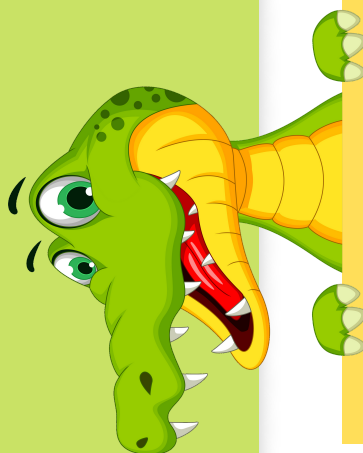

If you are interested or know someone that can help with our night shifts, please do not hesitate to reach out to your nearest branch.

Together We Can Make A Difference.
